Presentation of Fountain Issue No. 50

Noted that the approach as with Issue no.49 of having an index of key contents and a news article on the front page should be continued.

It was agreed that the outer cover colour washes (e.g. green grey and purple grey) should be discontinued and that the Fountain should be black and white throughout.

Co-ordination with the Nailsworth News

It was noted that there had been an aspiration to link with the NN advertising schedule and repeat the monthly adverts across the additional two editions of the Fountain. This had not been pursued. Agreed that Cllr. Crawley would approach the NN Advertising Manager.
